

## Sweet Cup Template

[www.SimplySimpleStamping.com](http://www.SimplySimpleStamping.com)

PRINTING THE TEMPLATE - Verify that any 'shrink to fit' options are turned off and/or 'actual size' is turned on.

It is recommended that you test your template by cutting out a copy paper version.

Check the sizing by wrapping it around a Sweet Treat Cup. Make any adjustments if necessary.

When your template is ready to go, you may want to trace it onto cardboard (I recommend the cardboard that comes in our Designer Series Paper). A sturdier template is easier to work with than a copy paper template. Write 'Sweet Cup Template' on it and store it with your Sweet Cups.

- Designer Series Paper - 2 ¾" x 10 ½"
- Trace the template on the BACK so that the lines don't show on the front.
- Carefully cut along the traced lines.
- Place Multipurpose Glue on the back of the Designer Series Paper.
- Start at the seam on the Sweet Treat Cup and work your way around. Work quickly and push the Designer Series Paper under the lip of the cup as you adhere.
- Press the Designer Series Paper onto the cup until glue is dry.
